Know your plan. Medicare Supplement Insurance:

- Does not provide “stand-alone” coverage, requires enrollment in Medicare Part A and Part B
- Does not provide prescription drug benefits
- Does not provide benefits for vision, dental care, hearing aids, eyeglasses, and private duty nursing
- Does not duplicate a benefit paid by Medicare

Rate Guarantee

Members get a 12-month rate guarantee for the first year. After the first year, your premium may increase each year, but we will never change premiums unless we do so for all policies like yours in your state on a class basis. We will notify you in advance of any change in premium as required by state law.

Terms and conditions:

- A benefit period starts the day you go to a hospital or skilled nursing facility and ends when you have not received hospital or skilled nursing facility care for 60 consecutive days
- Eligible expenses are costs that are deemed medically necessary by Medicare and covered expenses under your plan
- Medicare-approved amount is the amount that a physician who accepts assignment can be paid, including what Medicare pays and any other deductibles, coinsurance, or copayments with your original Medicare plan

³ Some states require the other adult to also have an active National General Accident & Health Medicare Supplement policy (underwritten by National Health Insurance Company, Integon National Insurance Company, or Integon Indemnity Corporation), or is applying for such policy to qualify for the household discount. Please ask your agent for details.
