L.I.F.E. Association is a membership organization that provides lifestyle-related benefits to its members. Membership in the Association is required in order to be eligible for this insurance coverage in certain states. Annual membership dues may be collected in installments with insurance premium. Membership dues are non-refundable and failure to remit membership dues will result in loss of eligibility to participate in any of the Association-sponsored programs or benefits. National General Accident & Health may also realize some benefit from these fees. Plan availability varies by state. In some states this plan is only available through the L.I.F.E. Association. Membership fees apply.
